DON'T BE BALD

How to Make Hair Grow Strong, Thick
and Lustrous.

If your hair is thinning out, don't wait an-
other day, but go to E. A. Brown & Co. and
drug stores everywhere, and get a bottle of
Parisian Sage, the truly efficient hair grower.
Don't say: "It's the same old story; I've
heard it before," but try a bottle at their risk.
They guarantee Parisian sage to stop falling
hair and stimulate a new growth, banish
all dandruff and almost instantly stop scalp itch,
or money back.

Parisian sage contains just the elements
needed to properly invigorate the hair roots.
It's a prime favorite with discriminating la-
dies because it makes the hair so soft and lus-
trous, and appears twice as abundant.

Parisian sage is inexpensive and easily ob-
tainable at all drug stores.—Adv.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy, Glossy
and Abundant at
Once.

To be possessed of a head of heavy, beau-
tiful hair; soft, lustrous, fluffy, wavy
and free from dandruff is merely a mat-
ter of using a little Danderine.

It is easy and inexpensive to have nice,
soft hair and lots of it. Just get a small
bottle of Knowlton's Danderine now for
a few cents—all drug stores recommend
it—apply a little as directed and within
ten minutes there will be an appearance
of abundance, freshness, fluffiness and
an incomparable gloss and luster and
try as you will you cannot find a
trace of dandruff or falling hair, but
your real surprise will be after about
two weeks' use, when you will see new
hair—fine and downy at first—yes—but
really new hair—sprouting out all over
your scalp—Danderine is, we believe,
the only sure hair grower, destroyer of dan-
druff and cure for itchy scalp and it
never fails to stop falling hair at once.
If you want to prove how pretty and
soft your hair really is, moisten a cloth
with a little Danderine and carefully
draw it through your hair—taking one
small strand at a time. Your hair will
be soft, glossy and beautiful in just a
few moments—a delightful surprise
awaits everyone who tries this.—Adv.

Preparing for the 1919 Agricultural Pro-
gram.

The farm bureau of Vermont are tak-
ing the first steps in preparation for the
1919 agricultural production program.
This first step is to increase the mem-
bership in the farm bureaus. The average
membership in the twelve farm bureaus
now in operation in Vermont is 507; Or-
ange county leading with a membership
of 945. Farmers are rapidly learning
that the farm bureau is their organiza-
tion and that it is through the farm bu-
reau that they can secure a great many
privileges which heretofore have been
unavailable to them, but not so readily re-
cognized nor so accessible. By discussing
their problems in community meetings
held by the farm bureaus, they are
making agricultural and home develop-
ment programs.

Under this plan, which is fostered by
the United States department of agricul-
ture and the agricultural extension ser-
vice of the University of Vermont and
state agricultural college, the farmers
are not told what they should do, but
are encouraged to study the problems of
their own communities under the guid-
ance of the county agricultural agents
and the home demonstration agents and
to call upon the above sources for such
assistance as they can render.

Freedom Hill, aged 85, and Mrs. Anna
Harrison, aged 77, both of Warren, were
married Nov. 16.

Just think what it would mean if you could have
"satisfaction guaranteed" before you planted your

for labor and money invested.

That's just what you can be sure of if you come here
when you need clothes, because we offer you only mer-
chandise of a quality that we know will give long serv-
ice, and we guarantee your satisfaction in every re-
spect.

all-wool materials, the good, strong tailoring, the care-
ful finishing, all insure you long wear. The style and fit
of these clothes insure you real satisfaction.

There's no better way to get big returns for your mon-
ey than to put it into such high-grade goods as we sell.
